

## THE GOOD THINGS OF EARTH

Are Not All Far-Fetched.

That our American forests abound in plants, the roots of which possess the most valuable medicinal and curative virtues, is abundantly attested by scores of the most eminent medical writers and teachers of our age. Even the untutored Indians had, by intuition and experiment, discovered the usefulness of many native plants before the advent of the white race on this continent. This information, crude though it was, imparted freely to the friendlier of the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots and herbs.

It is no longer thought necessary that a medicinal agent, in order to be good and useful, must have been brought across the ocean or that "being carried seven times across the Sahara Desert on the backs of fourteen camels" makes it the more valuable.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most of our obstinate and most fatal diseases, if we would properly investigate them; and, in confirmation of this firm conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of leucorrhea, painful periods, irregularities, prolapsus and other displacements, ulceration of uterus and kindred affections, often after many other advertised medicines had failed.

Both these world-famed medicines are wholly made up from the glyceric extracts of native medicinal roots, found in our American forests. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each of their wrappers. They are both made of such native medicinal roots as have received the strongest endorsement and praise for their curative virtues from the most prominent writers on *Materia Medica* in this country. What is said of their power to cure the several diseases for which they are advised may be easily learned by sending your name and address to Dr. R. V. Pierce, Buffalo, N. Y., for a little booklet which he has compiled, containing copious extracts from numerous standard medical books, which are consulted as authorities by physicians of the several schools of practice for their guidance in prescribing. It is FREE TO ALL. A postal card request will bring it.

You don't have to rely solely upon the manufacturer's say-so as to the power of Dr. Pierce's medicines to cure, as with other medicines sold through druggists. You have the disinterested testimony of a host of the leading medical writers and teachers. Send for this copious testimony. It can be relied upon to be truthful because it is entirely disinterested.

From the little booklet above mentioned, you will learn what a marvelous curative action Stone root, one of the prominent ingredients of Dr. Pierce's Golden Medical Discovery, exercises over the heart and its diseases, especially those valvular affections which are attended with diffi-

cult breathing, smothered sensations, palpitation or irregular heart action. Dr. Paine, author of Paine's Epitomy of Medicine, considered Stone root specific in these cases, and cites bad cases cured by it in his extensive practice. Golden Seal root, another prominent ingredient of Dr. Pierce's "Discovery," is also a valuable heart tonic, as is also Black Cherrybark, another ingredient. You will also learn that the eminent Drs. Hale, Ellingwood, Johnson, Hare, Coe and others recommended Golden Seal root, and several of them Stone root, Queen's root, Bloodroot and Black Cherrybark for bronchial, throat and lung affections attended with hoarseness, persistent cough, night-sweats and kindred symptoms indicating approaching consumption. All these agents are faithfully and fully represented in Dr. Pierce's Golden Medical Discovery, and it can be confidently relied upon to produce their combined curative effects, not only in the above mentioned affections, but also in all catarrhal diseases, no matter whether affecting the nasal passages or other regions of the body.

In nasal catarrh, while relying on the "Discovery" as the best constitutional remedy known to medical science, Dr. Sage's Catarrh Remedy should be used to cleanse the nasal passages. Together they constitute the most thorough and effective course of treatment which can be employed for the cure of that troublesome disease.

No other medicines sold through druggists for like purposes, have any such *proven* endorsement as Dr. Pierce's, and in consequence, none are so largely prescribed by physicians who know what they are made of and that their composition is of the best ingredients regardless of cost. Send for the little free book now.

The "Golden Medical Discovery" must not be expected to produce miracles. While it is especially suited for the cure of all chronic, lingering coughs that are curable, it is not so effective in acute colds and coughs unless slippery elm mucilage, flaxseed tea, solution of guaiacum, or other mucilaginous demulcent be drunk freely in connection with its use. Nor must the "Discovery" be expected to cure consumption in its advanced stages. In its early stages it will stay its progress and often effect a cure if its use be persisted in for a reasonable length of time. Send for the little book noted above and learn what those most eminent in the medical profession say of the ingredients out of which Dr. Pierce's medicines are made and thereby learn why they cure obstinate diseases.

Doctor Pierce's Pleasant Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Put up in glass vials, tightly corked, therefore always fresh and reliable. One little Pellet is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels.

A good medical book, written in plain English, and free from technical terms, is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser, in plain English, or Medicine Simplified. It's a book of 1008 pages, profusely illustrated with wood cuts and colored plates. It is given away now, although formerly sold in cloth binding for \$1.50. Send 21 cents, in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. R. V. Pierce, Buffalo, N. Y.; or 31 cents for an elegantly cloth-bound copy. It gives over 200 prescriptions for the treatment of acute and chronic ailments.

## WITH GREAT ANXIETY

RUSSIAN PEOPLE AWAIT GOVERNMENT'S RESPONSE TO DEFICIENCY OF PARLIAMENT.

SITUATION IS VERY SERIOUS

ACTION OF THE LOWER HOUSE OF RUSSIAN CONGRESS HAS PRECIPITATED CRISIS.

London, May 28.—The Times' St. Petersburg correspondent thinks that the formation of a ministry under Former Minister of Finance Shipoff is clearly indicated.

St. Petersburg, May 28.—With breathless anxiety society awaits the government's response to the bold action of the lower house of parliament Saturday which, in censuring the ministry and demanding its retirement, was like a deliberate slap in the face and a direct challenge which the government, though inclined to prefer its usual policy of temporization and compromise, can hardly avoid. Parliament has burned the bridge and virtually taken the step which the French states general did when it transformed itself into a national convention.

By flouting the fundamental laws and practically declaring that it proposes to exercise full parliamentary rights with a responsible ministry, it has become in the eyes of the law a revolutionary body and from that position there seems no retreat. The news of the action of the house came like an electric shock, the people generally being as greatly surprised as the bureaucracy at the promptness with which the whole of the government's policy was absolutely scorned. Both sides recognize the acuteness and seriousness of the moment, but panic is in the government and not in the popular camp.

Premier Goremykin went to Peterhoff immediately after the adjournment of Saturday's session to confer with the emperor, and agitated conferences have since been held between the administrator and the leader. The Constitutional Democratic chiefs are displaying calmness in the face of the crisis. They declare that, having delivered their reply, they purpose to go calmly ahead with the work before them, forcing the government to take the initiative. The strength of their position lies in the conviction that the Russian nation, and especially the peasantry, who are sure to be discontented at the flat concerning the expropriation of land, is behind parliament in its rejection of the government's policy as utterly unaccountable.

Only a Temporary Victory.

"The government, if it dares to fight," said M. Kokoshkine, one of the Constitutional Democratic members of the house, "can disperse the parliament; but the victory of the bureaucracy would only be temporary. It would inevitably be followed shortly by a bloody revolution, which would not leave a stick of the present government standing. The emperor must choose between a real constitutional government and the loss, not only of his crown, but probably of his head."

The Social Democrats and Social Revolutionists are delighted at the turn of events, believing they furnish just the stimulus needed for the rising they are planning. The terrorists were quick to seize the opportunity for a series of blows in widely separated parts of the country, the news of which forms a prominent feature in the newspapers. Instead of the expected decree of amnesty, the attempts at Tiflis and Sebastopol are convincing indications of the determination of the fighting organization to resume its campaign of assassination with full vigor.

The press, almost without exception, is pessimistic, recognizing the extreme gravity of the situation and the tempest which the denial of the right of expropriation of land will provoke among the peasantry. The Reich declares that the government's reasoning in this respect is false and fallacious—the expropriation of land standing practically on the same basis now as in 1861.

Professor Kareieff, in a special article, says a parallel of the early stage of the French revolution is now complete. He invites the ministry to substitute for the 1906 events those of 1789 and then to consider whether they wish to continue their present course.

The Slovo, the Octoberist organ, falls behind none of the others in sharpness of criticism, declaring that the government has proclaimed war on parliament.

Orders for the guard corps to go into summer camp at Krasnoye Sela

have been countermanded, and it is supposed they will be retained here in readiness to cope with any outbreak.

OFFICIALS ESCAPE UNINJURED.

But Bomb Throwers Kill a Cossack and Wound a Coachman.

Tiflis, May 28.—While Governor General Timoseff and Chief of Police Martynoff were driving bombs were thrown at them. Neither was injured, but a Cossack belonging to their escort was killed. The crime was attempted in the center of the town, a few rods from the scene of the assassination of General Galaznoff, chief of staff of the viceroy of the Caucasus, who was killed by a bomb explosion Jan. 29, last.

General Timoseff and Chief of Police Martynoff were riding in separate carriages. They were on their way to attend the coronation anniversary "to deum" at the cathedral. Two bombs were thrown simultaneously, one failing to explode. Chief of Police Martynoff, who was riding revolver in hand, shot and killed one of the terrorists, but the other escaped. Governor General Timoseff's coachman was wounded.

The city fears an armed outbreak.

SEVERAL BOMBS THROWN.

Three Persons Killed and Many Others Injured.

Sebastopol, May 28.—Several bombs were thrown here while a review of troops was being held after the Te Deum in celebration of the anniversary of the emperor's coronation. Three persons were killed and several wounded. Among the wounded were the commander of the fortress, General Neplueff, who received slight hurts, and the chief of police, who was gravely injured. Other high dignitaries escaped. Vice Admiral Choukine, commanding the Black Sea fleet, who is a special subject for terrorist revenge, was not present. Two of the bomb-throwers were arrested.

ELEVEN PERSONS KILLED.

More Than a Hundred Others Wounded at Sebastopol.

St. Petersburg, May 28.—Dispatches received here concerning the bomb outrage during the review of troops after the celebration of the anniversary of the emperor's coronation at Sebastopol say that eleven persons were killed, including five children, and that more than 100 persons were wounded. The dispatches also say that four arrests were made.

PRISON WARDEN KILLED.

Youthful Assassin Kills a Beggar Who Tries to Stop Him.

St. Petersburg, May 28.—M. Shataloff, warden of the city prison here, was shot four times and mortally wounded by an eighteen-year-old youth who was executing a social revolutionist sentence in revenge for Shataloff's bad treatment of political prisoners. The assassin, whose name is Skutlmin, killed a beggar who tried to stop him, but afterwards was arrested.

WILL ASK INVESTIGATION.

Minnesota Officials Resent Senator McCumber's Charge.

St. Paul, May 28.—The state railway and warehouse commission announces that it intends to demand an investigation of the charges made by Senator McCumber that the grain inspection department of the state is one huge graft.

"We are not going to allow a slur like this to stand," said Commissioner Staples. "We are now preparing a statement and will forward copies of it to Senators Clapp and Nelson with the request that they demand an immediate investigation of the charges. These accusations of late have been too frequent and we do not propose to remain silent any longer."

ELEVATOR SLIDES INTO RIVER.

Loss to Canadian Concern of a Quarter of a Million Dollars.

Fort William, Ont., May 28.—The Ogilvie company's grain elevator here started to slide into the river during the night and it considered impossible to save it. Displacement of the pile foundation is believed to have been the cause of the collapse of the building. The Canadian Pacific railway and the other elevator companies here promptly offered assistance and men have been working all day to save the grain, of which there are 350,000 bushels. The total loss on the elevator and contents is estimated at \$250,000.

Michael Davitt Very Ill.

Dublin, May 28.—The condition of Michael Davitt is extremely critical and grave fears are entertained for his recovery. He is hardly expected to survive the night.

Kills His Wife and Himself.

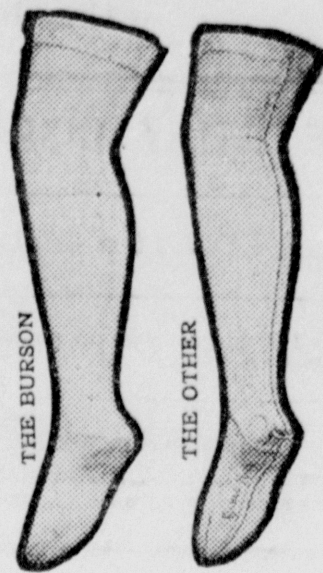

Memphis, Mo., May 28.—Near Lawn Ridge, James A. Hachurst, a carpenter, shot and instantly killed his wife and then killed himself.

## RATE DISCRIMINATION.

Independent Oil Men Will Call Upon Railroads to Correct It.

Cleveland, May 28.—The Leader says that independent oil men will call upon the railroads this week to correct the rate discrimination disclosed at last week's session of the interstate commerce commission in this city.

It will be the first formal notice of the independent oil men's determination to make a relentless fight to obtain a "square deal" from the railroads. Independent oil men are determined to carry the fight to a successful finish and will spare neither money nor time.

The fight in Ohio and the Eastern part of the country will be carried on through the National Petroleum association, while a similar association will attend to the Western end.

## HEAVY RAIN IN SAN FRANCISCO.

Brings Discomfort and Misery to the Refugees.

San Francisco, May 28.—A heavy rain storm swept over the city and surrounding country for twenty-four hours, damaging truck gardens, flooding basements and bringing much discomfort and misery to the refugees camped out on low ground. One and fifteen-hundredths inches of rain fell, the heaviest fall for this late season of the year since 1884.

In several parts of the city refugees camped in low places were driven out of their tents by the rush of water. Several stores on Fillmore street, which was impassable between Post and Eddy streets for a time, were flooded.

## Our Trade With Africa.

Washington, May 28.—Trade of the United States with Africa in the fiscal year of 1905, according to a bulletin of the department of commerce and labor, aggregated about \$30,000,000, of which \$11,323,000 were imports and the remainder exports. The trade with Africa amounted to \$51,000,000 in 1903, \$30,000,000 in 1900, \$14,000,000 in 1895 and \$100,000,000 in 1890.

## Nogi Inquires About Stoessel.

Tokio, May 28.—It is reported that General Nogi has wired asking Russia whether it is true that Lieutenant General Stoessel, the defender of Port Arthur, has been sentenced to death for surrendering the fortress, adding that in his opinion the capitulation was justifiable.

## Killed by Steam Shovel.

Duluth, May 28.—George Thompson, aged twenty-one years, a brakeman employed on an ore train working at the Hector mine at Biwabik, was instantly killed by a steam shovel dipper. He was on an ore car and was accidentally struck by the dipper.

## Nine Miners Perish.

Tokio, May 28.—In a fire at the Kubari colliery on the island of Hokkaido, 418 buildings were destroyed and nine miners perished.

## Heavy Snow in Colorado.

Telluride, Colo., May 25.—San Miguel county is covered with eighteen inches of snow. The storm which began Wednesday afternoon has spent its effort. A rock slide 200 feet long came down on the railroad ten miles above Telluride and it will probably be several days before trains can get through.

## GAS EXPLOSION IN A MINE.

Nine Men Badly Burned Near Bentleyville, Pa.

Monongahela, Pa., May 28.—Nine men were burned, two of them seriously, in a gas explosion in the mine of the Bransell Gas Coal company near Bentleyville shortly after midnight. Crawford Linsey, the mine boss, and James Muckleveney, the fire boss, are burned so it is feared they will lose their sight. The others received burns about the face and neck. The explosion came while the men were erecting a fire wall to stop a fire that had started from an unusually heavy blast.

The mine was flooded to prevent the fire spreading.

## HUSBAND AND WIFE SLAIN.

Their Dead Bodies Found in Their Home at Canyon City, Colo.

Canyon City, Colo., May 28.—W. C. Baldwin and his bride of two months were found dead in their home here. The body of Baldwin was lying on the floor, the head blown from the trunk. A shotgun lay near by. The wife's dead body was standing nearly upright against the wall, the head shattered by gunshot wounds.

## THREE MEN DROWNED.

Fatal Squall Sweeps Over Sheephead Bay.

New York, May 28.—Three men were drowned by a squall that passed over Sheephead bay. Joseph Harrington, 418 Ralph avenue, Brooklyn, was thrown out of a launch which was pitching in a heavy sea and about the same time a rowboat containing two men was swamped and the occupants sank.

## Lid Unpopular at Kokomo.

Kokomo, Ind., May 28.—Two puritanical Sundays were enough for Kokomo. Sunday morning every drug store, restaurant, ice cream booth, news stand and cigar shop was opened, and remained open all day. Fourteen shopkeepers were arrested, each giving bond and remaining open. The Sunday closing crusade is backed by the saloons, which were closed some weeks ago.

### BRIDGE BONDS

State Loan is Secured to Refund Fifty Thousand Dollars in Bridge Bonds

PAY ONLY FOUR PER CENT

Will Pay Off \$20,000 in the Next Fourteen Years Without Increase in Taxes

Crow Wing county has made a successful application for a loan of \$50,000 with which to refund the bridge bonds of that amount issued in 1886 and to be come due July first 1906. The present rate of interest is six per cent and the rate on the state loan will be only four, making a saving of \$1,000 a year. Commencing in 1911, and continuing until 1918, inclusive there will be a bond of \$2,000 come due. In 1919 there will be a bond of \$4,000, while in 1920 the balance, \$30,000 is due. This arrangement permits the paying off of \$20,000 in the next fourteen years, with practically no increase in taxation and will put the county in much better financial condition and reputation.

### THE PLAIN TRUTH.

What More Can Brainerd People Ask?

When well-known residents and highly respectable people of Brainerd make such statements the following, it must carry conviction to every reader:

Mrs. Fred Stillings, wife of Fred Stillings, engineer on the M. & I. R. R., and living at 224 Ninth St., N., Brainerd, Minn., says: "Railroading with its jolting and jarring and being cramped up in an engine cab had the usual effect on my husband's back and kidneys. Most railroad men have experienced this trouble. I have heard him say at times he could not get out of his cab without his back hurting him so that it would be five or ten minutes before he could straighten up. Not long ago the trouble became so aggravated that he thought he would have to give up and go to the hospital for treatment. However we knew about Doan's Kidney Pills and procured a supply of them at H. P. Dunn & Co.'s drug store. Their use as directed cured the backache and restored the kidneys to a proper working order. After this gratifying result it is needless to say we hold Doan's Kidney Pills in high estimation."

### FOR LACK OF JURISDICTION.

Supreme Court Declines to Entertain Suit of Minnesota Indian.

Washington, May 22.—The supreme court of the United States refused for lack of jurisdiction to entertain the suit of Joseph Naganab, a Chippewa Indian residing in Minnesota, against Secretary Hitchcock to enjoin the latter from setting off certain pine lands in the Lake Winnibigoshish reservation for a forest reserve. It was alleged that the act of the government would result in the loss to the Indians of the reservation of not less than \$10,000,000.

### FOR SURRENDERING TO JAPS.

General Stoessel and Admiral Nebogatoff Condemned to Death.

St. Petersburg, May 22.—It is rumored that the military court which has been investigating the surrender of Port Arthur and the battle of the Sea of Japan has condemned to death Lieutenant General Stoessel, who commanded the Russian forces at Port Arthur, and Rear Admiral Nebogatoff, who commanded one of Admiral Rojestvensky's squadrons and who surrendered during the naval battle to the Japanese.

### Creates a Painful Impression.

London, May 25.—A dispatch from Tokyo to the Daily Telegraph says a painful impression has been created there by the rumor that a court-martial has sentenced General Stoessel to death for the surrender of Port Arthur.

## Your Neighbor's Dogs and Chickens

Are playing in your yard and stirring up hard feelings between you and your friends. They are destroying your flower beds and garden. You can stop all this and beautify your lots besides, by fencing your property with this lawn fence.

This cut is exactly like the fencing, and to introduce it in Brainerd we will sell a limited number of fences at 4c per lineal foot if you mention this advertisement

Figure this out and see how little it will cost you to protect your property.

## GIVEN FAREWELL PARTY

Forty Little Friends of Eliza Armstrong Met Yesterday Afternoon to Bid Her Farewell

Little Miss Eliza Armstrong, daughter of Alderman Armstrong was hostess yesterday afternoon to a party of over forty boys and girls who gathered to bid her good bye, because of her approaching departure to spend the summer in Montreal. The large dining room of the Antlers was turned over to the young people and they enjoyed a lively time there for several hours. Ice cream, cake and fruit were served. Miss Eliza leaves tonight, in company with her uncle, Douglas Armstrong, for Montreal, where she will study French during the summer at one of the academies. She will return in time to resume her school work here in autumn. Her many young friends wish her a pleasant summer and a safe return.

"I suffered terribly with my stomach for over a year. At times I would bloat so that I could not keep my clothes on. I also had pains in my side. After taking one bottle of Dr. Adler's Treatment I am entirely cured." B. F. Rhoades, Madelia, Minn. Large bottles at Johnson's Pharmacy.

## NO GAME

## YESTERDAY

Royalton Failed to Show Up and Brainerd Boys Indulged in Practice Game

WILL HAVE A STRONG TEAM

Several Old Players Back that Have Made Good in the Past—Meyers to Catch

Owing to the absence of their catcher the Royalton team failed to put in an appearance in Brainerd yesterday morning and there was no game at Athletic Park. The boys got out in the afternoon, however and indulged in a practice game and gave the boys around town a try out. It is probably just as well for the Royalton boys that they did not come. The Brainerd team has been very materially strengthened the past week and would have put up a game that would keep the best of them guessing. The past week has added three red hot players to the lineup. Beckman, who tried out satisfactorily with Fargo, but could not agree on the salary schedule, arrived a few days ago and took a position in the Northern Pacific shops and will play with the city team this season. "Baldy" Murphy returned from Indiana a few days ago and is again in the lineup as is Tom Templeton. Both were strong men in the team two years ago. Pat Boyle, one of the star players of the University of Minnesota, returns from there this week and will hold down his old position. Meyers, the fast catcher of the old team has succeeded in getting transferred from Staples to Brainerd and will be behind the bat at least a part of the time this season. The team will sustain one bad loss the first of July when Dr. Green, the fast second base player leaves the Sanitarium where he is one of the internes. But with the lineup in sight the teams that walk away with games from Brainerd will have to play a quality of ball that would more than qualify them for the bush leagues. Every man will be a bonafide amateur, working daily in the shops or elsewhere. Teams wanting to go against a stiff game should schedule games at Brainerd.

The South side team beat the Northeast Brainerd team yesterday forenoon on the Mill grounds by a score of 15 to 10.

## SPECIAL MEETING TONIGHT

City Council Meets in Special Session Tonight to Arrange for Paving Alley.

There will be a special meeting of the city fathers tonight to consider and act on the matter of paving the alley through the block on Front street between Sixth and Seventh streets. This work was determined upon last season, but was laid aside in order to have the sewer enlarged before paving. After that improvement was completed the paving was in some manner overlooked and no action taken providing therefor. Hence the necessity for the special meeting tonight.

SAN FRANCISCO DISASTER.

There will be two exhibitions of moving pictures on Friday, June 1st, the usual evening performance and an afternoon matinee, to give the children an opportunity to witness this most interesting and absorbing historical event. None should miss seeing them, as the press and public unite in their praise wherever they have been exhibited. The price of admission for the matinee will be 25 cents, and for the evening performance, 50, 35 and 25 cents.

DEBS' LECTURE.

Don't forget the lecture by the great labor leader, Eugene Debs, at the opera house on Tuesday evening, May 29th. Aside from the all-absorbing interest of the subject, "Labor and Liberty," Mr. Debs is one of the most fluent and eloquent speakers in the country today, and it will be a rare treat to hear him.

## NO DISORDER OCCURS.

Plum Run Mines in Ohio Worked by Nonunion Men.

Stuebenville, O., May 25.—The Plum Run mines of the United States Coal company have been started with 125 nonunion men. The men were escorted to the mines by armed guards. They were kept at cleaning up the mine in which coal is expected to be mined immediately. There was no disorder but the foreign element is feared if the mine is kept running. Reports of attacks and rioting were the result of some of the deputies firing their guns in the air to intimidate any strikers that might be about.

H. E. Willard, general manager of the United States Coal company, telephoned from Cleveland, asking Sheriff Vorhees to visit the mines, as the miners were drinking and ugly. The sheriff with a deputy visited the scene and reported that the men were orderly and that there was no drinking. It is said that the mine workers of this district will appeal to the state authorities to withdraw the armed guards on the ground that it is a violation of the law.

## Accused of Blackmailing.

Omaha, May 25.—Chief of Police John Briggs and Former Prosecuting Attorney Henry C. Murphy of South Omaha were arrested on indictments returned by the county grand jury charged with blackmailing resort keepers in South Omaha. Both men were released on bond.

## THE DITCH BOND

## SALE IS CLOSED

County and King & Company Get Together and Money Expected in Ten Days.

\$18,011.72 THE TOTAL AMOUNT

County to Pay Interest from October Last, When the Bonds were Sold.

The hitch between Crow Wing county and King & Co., the purchasers of the ditch bonds is settled, and it is expected that the bonds will be sent here for execution this week and that the money will be forthcoming within the next ten days. The hitch in the negotiations arose because of a resolution passed by the board to only pay interest from date, instead of from October last, the date when the bonds were sold. King & Co. claimed that the money had been held on hand waiting the fixing up of informalities in the proceedings of Crow Wing county, and that they were entitled to interest thereon for that time. The county finally conceded that point and there bids fair to be no further delay in the matter.

## WAIT FOR HUNGER

Good Advice From H. P. Dunn & Co.

As How to Create an Appetite. Any physician will tell you that it is unwise to eat unless one is really hungry. It is far better to miss a meal than to eat without appetite.

But do not take a tonic, stimulant, or appetizer to make you hungry. H. P. Dunn & Co. say that the best way to create an appetite is to restore the digestion to health by the use of, Mi-o-na stomach tablets, a reliable remedy that they have with the best of satisfaction.

When Mi-o-na is used, the irritation and inflammation of the stomach coating will be soothed, the gastric follicles will be strengthened so that they will pour out the natural digestive fluids with regularity, and the food you eat will be perfectly digested without distress.

A large box of Mi-o-na stomach tablets is sold for 50 cents by H. P. Dunn & Co., and it is so successful and reliable in curing indigestion and other stomach troubles, with the exception of cancer of the stomach, that they sell it under a guarantee that the money will be refunded unless it does all that is claimed for it.

## Cheap Rates to St. Cloud.

The Northern Pacific Ry. will have the rate of one and one-third fare for the round trip for the Minnesota State Association B. P. O. E., at St. Cloud, June 14-15. Dates of sale June 13 and 14, with final return limit June 16th. Half fare for children at half fare age. 298tf

# Prevent Headache

We want you to know that Dr. Miles' Anti-Pain Pills prevent as well as relieve headache, and that they leave no bad after-effects. We assure you that if taken when you first discover indications of an attack, they will drive it away, and thus not only save you the misery and distress, but the weakening influence of pain upon your system. Used in this way the attacks become less frequent, and eventually entirely disappear. They relieve pain by strengthening the nerves and overcoming the turbulent, excited condition, which is the cause of pain.

"We used Dr. Miles' Anti-Pain Pills in our family for five years, and I would not like to do without them. Before I found this remedy I would have spells of sick headache so severe that I would be prostrated for as many as 48 hours at a time. The Anti-Pain Pills stop the pain in a few minutes. I have a great deal of neuralgia around the heart, and the Pain Pills also relieve that. I now take them when I think I will have an attack, and they stop it right then. I also notice that I do not have these spells nearly so frequently as formerly."

MRS. ROSA A. CURRIER, Kalamazoo, Mich. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind

## Perfect in Every Detail

Although every part and principle of the sewing machine has been studied, improved and perfected to make the Volo the best and easiest running machine on the market, other features for general convenience have not been neglected.

On one side there are two dust proof drawers of equal depth. On the other a shallow drawer contains spindles for spools and an emery cushion. Beneath this drawer is a deeper one in which an oil can may be stood upright. The body of the machine is dust proof so that in standing the dust cannot penetrate it and reach the head. It has roller-bearings and is adjusted with the most painstaking care; the result is, the Volo is the fastest sewing, easiest running and most convenient for every use, and does work that cannot be equalled with any other machine in the world. The stand is highly finished in black with the finest Japan, and in addition is finished with a high grade varnish. The Volo represents perfection in material, workmanship and efficiency.

## FIVE PERSONS KILLED

LIGHTNING STRIKES IN THE MIDST OF A CROWD AT A BASEBALL GAME.

TWENTY-FIVE OTHERS HURT

FIELD IS STREWN WITH BITS OF SHOES AND CLOTHING OF THE VICTIMS.

Mobile, Ala., May 28.—During a ball game in an open field three miles from this city a thunderstorm came up, accompanied by vivid lightning, which struck in the midst of the crowd of spectators, instantly killing five and injuring some twenty-five more or less seriously. The field was strewn with bits of shoes and clothing from those who were killed or seriously injured and the bodies of the dead presented a terrible spectacle. A silver dollar taken from the pocket of one of the victims was melted on both sides.

COSTLY FIRE AT MERRILL, WIS.

First National Bank Building Totally Destroyed.

Merrill, Wis., May 28.—The First National bank building of this city was completely destroyed by a fire which lasted many hours. The building, on Main and Mill streets, was owned by Mr. Heineman and others of this city. It was occupied, besides the bank itself, by Mr. Lemke's Deutsche apotheke, and an empty store room which had been occupied by a dry goods department until a few months ago. On the second and third floors were the offices of Dr. Walsh, Reid, Smart & Curtis, attorneys at law, the Merrill Telephone company and various insurance agents.

The fire had been burning the previous afternoon when it was fought and believed to have been extinguished. Late at night when the doctor entered his offices he noticed the fire, and running into the telephone offices on the same floor, he found all ablaze.

After five hours of hard work the fire was finally put under control and later extinguished.

The cause of the fire is not known. It originated in the basement and was probably caused by crossed electric wires.

KENTUCKIANS GO DRY.

Authorities Put the Lid on Tight at Louisville.

Louisville, Ky., May 28.—Scores of corner pumps with the handles removed and signs announcing "closed," it's sinful to drink on Sunday," brought home to early rising householders in many sections of this city the fact that Louisville was for the first time in many years dry as To-phet. As the day wore on it was seen that the state and city authorities were in dead earnest about putting on the lid. The streets and cars were filled with aimless Sabbath loungers drifting from one point to another vainly seeking the amusements and conveniences to which they have been accustomed. The absent-minded ones were easily discernible by the growth of beard which they had expected to have removed, not thinking to find the barber shops closed. "The wise ones, who had taken thought for the morrow, took to the tall grass with sundry bottles secured before Saturday midnight.

Every place in Louisville and Jefferson county where intoxicants are sold, was, with one exception, closed tight. The exception was a park conducted by a Hebrew, who observed Saturday as the Sabbath. He was arrested and will be tried, but was allowed to continue selling throughout the day, doing a roaring business, as the news spread. Four other places where liquor is sold had been designated by the Retail Liquor Dealers' association to test the law. The proprietors of these were not only arrested but the places were kept closed. Besides the saloons all barber shops, bowling alleys, billiard halls, theaters, grocery stores and in fact everything except hotels, drug stores and railroad and street car lines were closed.

The ball park was crowded with spectators when the game between Louisville and Toledo was called, but after half an inning had been played the police arrested President Tebeau of Louisville. President Grillo of Toledo and all of the players and employees.

ON A TOUR OF INSPECTION.

Japanese War Heroes and Marquis Ito Will Go to Manchuria.

Tokio, May 28.—Vice Admiral Togo, General Kuroki and Marquis Ito, with a suite of admirals and generals, will start shortly on a tour of inspection in Manchuria. This important mission is supposed to be the outcome of the recent state council at which, it is understood, weighty decisions were reached respecting the Manchurian railways, which are intended to be permanently run by the government. This naturally will necessitate the floating of another big loan.

Business Block Burned.

Detroit, May 28.—A Detroit News special from Gaylord, Mich., says: Fire here destroyed a block of business buildings, entailing a loss of \$64,000, with insurance about \$51,000.

Japs Celebrate Naval Victory.

Tokio, May 28.—The anniversary of the battle of the Sea of Japan, the navy's red letter day, was celebrated with brilliant festivities, which were greeted by the presence of the crown prince.

Wisconsin Bank Robbed.

Cumberland, Wis., May 24.—The State bank of Luck, Wis., was burglarized early Wednesday and robbed of \$2,000.
